MarComm entries will be judged based on creativity, quality and clarity; the success of the tactic in meeting objectives; appropriateness and perceived value of the information for the target audience; and the entrant's proficiency in the category.

### MarComm Entry Basics

- Go to **Betternewspapercontest.com/2018AAEACommsAwards/2018AAEACommsAwards** to log in and begin the entry process.
- An entrant may enter as many entries per category as desired. The entering team must have one member of staff who is a current AAEA member. Enter names in the Credit boxes for those primarily responsible for creating the entry. If you want only the agency or agency and client company names to appear on plaques or certificates, please provide that text in the Comments section.
- **IMPORTANT: Provide a PDF with the entry's objective, target audience, rationale, where the entry appeared (if applicable), and results plus log-in information for any URLs the judges need to access.** Make this PDF the first file in each entry. (You can click and drag file order after you click "Submit Entry.") See category descriptions for other specific information to put in the Comments, which are visible to the judges.
- Please submit everything as digital files and/or web-based entries for which you provide a URL and log-in information, if needed. **Only Cat. MC11 -- Writing for Special Projects -- allows hard-copy entries to be mailed in.**
- See individual category descriptions below and online to see what is to be submitted for each category. If you have questions about what to enter, please contact Debbie Alexander by phone at 706-407-2550 or by email at [dalexander@asginfo.net](mailto:dalexander@asginfo.net).
